

PUSTAKOPHAR 2021-22

Old Textbooks from Students are collected and given to their Juniors in this scheme, Pustakophar. During this session, more than 40 Students (more than 160 textbooks) from Primary section donated their old books, and 30 students from Secondary donated and directly given to their immediate Juniors. Donors will be given e-certificate.

Needy students consult their respective Class Teachers or the Librarian, and textbooks are distributed to them accordingly (the process is still on going). There are more than 100 books (mostly primary section) kept in the Library for any needy students.

Below are some of the images captured when Parents' deposited their books in the Library through this scheme for distribution.

Donate books and be a part of saving trees
